Theme: Command To Construct The Ark

Memory Verse: *Hebrews chapter eleven verse seven: "By faith Noah, being warned of God of things not seen as yet, moved with fear, prepared an ark to the saving of his house; by the which he condemned the world, and became heir of the righteousness which is by faith"*

Texts: Genesis 6: 14-16

Noah was instructed by God to build the ark for the salvation of his family. God gave specific instructions as to the materials for construction, the measurement and design of the ark. Noah continued the building by faith to the ridicule of the worldly men of that generation. No wonder the Bible says " By faith Noah, being warned of God of things not seen as yet, moved with fear, prepared an ark to the saving of his house; by which he condemned the world, and became heir of the righteousness which is by faith.

The task to prepare the ark was a great challenge to the faith of Noah. First, there had never been a construction of such magnitude before. Second, there had never been a flood so much to cover the whole earth. Third, the resources for the work appeared non-existent. Fourth, there was no human helper to assist in the accomplishment of the task. The whole work did not look feasible, practicable or even possible.

What a challenge is this study to us? What type of ark has Jesus Christ commanded us to build? With what material are we to build the ark? How faithful are we to the task? What is our complain compare to Noah? Where have we failed? And what are we going to do now? We are the end-time believers and there is work Christ has commanded us to do, but how are we doing it?. All this questions we will answer before God, but then if Noah did not fail to answer God by faith why do we have to fail.
